Refrigerator

Greater Versatility

We provide a wide variety of configurations in fin and tube construction to deliver reliable and highly efficient heat transfer solutions.

All the coils are available through our US, European, China distribution network.

E-coating

Hydrophilic Fin

Tube Range 5 - 9.52mm

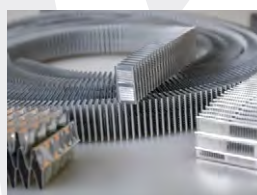

Various Fin Patterns

Copper RTPF Coil

Extruded Tube

Louvered Fin, Corrugated Fin

Vehicular Application

Commercial Application

Microchannel Coil

Quality People, Quality Process, Quality Product

Automatic Brazing

Manifold Brazing
